MEMORANDUM FOR: Special Assistant to the DD/S

SUBJECT: Payroll Allotments

1. Dick, as I mentioned earlier, the Senate yesterday passed H.R. 6157 which deals with payroll allotments to credit unions. As the extract from the Congressional Record sent to you today indicates, the Senate substituted the provisions of previously passed S. 1084. This would give a Federal employee a right to two payroll allotments to "financial organizations" in addition to the one payroll allotment authorized under existing law in lieu of the one additional payroll allotment to credit unions under H.R. 6157. The Senate action means that the matter could go to conference or could be referred back to Committee in the House.

2. You may recall that on 11 March 1968 Mr. Warner discussed this with Admiral Taylor and Colonel White and it was agreed that any security problems should be handled internally rather than seeking an exemption for the Agency from the legislation.

3. If, in your staffing, it appears the Senate version would cause problems for other than security reasons, you might wish to get an OGC review concerning the authority to handle internally.

4. I am attaching a Memorandum for the Record on my understanding of the staffing on this problem through 5 March 1968 thinking it might be helpful to you.
